
Document Type List

BLR's OSHA Compliance Encyclopedia combines state-of-the-art CD-ROM technology with Folio VIEWS version 4.2 search and retrieval software to provide instantaneous access to OSHA federal regulations, BLR analysis, safety meetings, and documents. This disc contains the following text:

- **Complete OSHA Text for 29 CFR Part 1910**—General Industry.
- **BLR Analysis for General Industry**—BLR's "plain-English" summary on each OSHA topic. Each topic is "cross-referenced" and directly links to the full text of the regulation.
- **Complete OSHA Text for 29 CFR Part 1926**—Construction.
- **BLR Analysis for Construction**—BLR's "plain-English" summary on each OSHA topic. Each topic is "cross-referenced" and directly links to the full text of the regulation.
- **Safety Meeting Outlines**—Provides an outline you can use "as is" for motivational safety meetings.
- **Audit Checklists**—Provides a checklist to conduct an effective audit in preparation for compliance.
- **State Regulations**—Provides individual state OSHA regulation requirements. Call BLR for state availability.
- **OSHA Files**—Contains the following:
 - OSH Act of 1970 with revisions
 - Variances
 - OSHA Directives
 - Field Operations Manual
 - OSHA Technical Manual
 - OSHA Fact Sheets
 - OSHA Hazard Information Bulletins
 - Model Safety Programs and Other OSHA Resources
 - Interpretation Letters
 - Construction Industry Digest
